

HVAC Admin Dashboard - Page Features & Data Fields

This document outlines the specific features, data points, and fields displayed on each primary view of the HVAC Admin Dashboard.

1. Overview Dashboard

The command center displaying high-level metrics and system activities.

Key Data Points:

- **KPI Cards:** Total Revenue (YTD/MTD), Active Jobs Count, Completed Jobs Count, New Customers Count.
 - **Revenue & Jobs Chart:** Date Range (X-axis), Revenue Amount (Y-axis - Primary), Number of Jobs (Y-axis - Secondary).
 - **Job Status Distribution:** Percentages and Counts for Active, Scheduled, Completed, and Cancelled jobs.
 - **Recent Activity Feed:** Activity ID, User/System Actor, Action Description, Timestamp.
-

2. Dispatch Board

The operational scheduling view for routing and assigning technicians to specific times and places.

Key Data Points:

- **Calendar Controls:** Selected Date, View Mode (Day, Week, Month).
 - **Technician Lane (Y-axis):** Technician ID, Full Name, Current Status (Available, On-site, Driving, Offline), Profile Avatar, Assigned Tags/Skills.
 - **Time Grid (X-axis):** Hourly slots.
 - **Job Blocks (on grid):** Job Title, Assigned Job ID, Customer Name, Approximate Location (Zip Code / City), Scheduled Start Time, Estimated Duration, Priority Color-Coding.
-

3. Job Management (List & Details Modal)

The comprehensive view for managing service and installation jobs.

Key Data Points:

- **General Information:** Job ID (e.g., JOB-1002), Job Title, Detailed Description, Priority Level (Low, Medium, High, Emergency), Status (Pending, Scheduled, In Progress, Completed, Cancelled).
 - **Customer & Location:** Customer ID, Customer Full Name, Primary Contact Phone, Service Address, Billing Address.
 - **Scheduling:** Assigned Technician(s), Scheduled Start Date, Scheduled End Date, Actual Start/End Timestamps.
 - **Financials:** Estimated Quote Amount, Total Invoiced Amount, Current Payment Status (Unpaid, Partial, Paid).
 - **Internal Data:** Internal Office Notes, Technician Field Notes, Associated Equipment IDs, List of Action Items/Checklists, Uploaded Documents & Photos (Before/After).
-

4. Team & Staff View

The directory and status monitor for all internal company users.

Key Data Points:

- **Employee Profile:** Staff ID, First Name, Last Name, Email Address, Phone Number, Profile Picture.
 - **Classification & Authority:** System Role (Super Admin, Company Admin, Office Manager, Dispatcher, Technician, Customer).
 - **Status & KPIs:** Current Activity Status, Assigned Vehicle/Truck Number, Specialized Certifications (e.g., EPA Certified), Total Jobs Completed, Average Customer Rating (CSAT).
-

5. Customer Management (CRM)

The hub for tracking client relationships, property details, and service history.

Key Data Points:

- **Personal Data:** Customer ID, First & Last Name / Company Name, Primary Email, Phone Number, Secondary Phone.
 - **Properties:** Main Address, Latitude/Longitude (for routing), Additional Service Locations (if multiple properties owned).
 - **Service History & Value:** Customer Lifetime Value (LTV), Total Completed Jobs, Outstanding Balance, List of Past Invoices.
 - **Asset Linkage:** IDs of all registered Equipment owned by/located at the customer's properties.
-

6. Invoices & Estimates

The financial documentation for quotes and billing.

Key Data Points:

- **Document Meta:** Estimate/Invoice ID, Creation Date, Due Date, Issuing Staff Member ID, Linked Job ID.
 - **Line Items (Array):** Sub-Item Code/ID, Item Description (Labor/Parts), Quantity, Unit Price, Applicable Tax Rate, Line Item Total.
 - **Financial Summaries:** Subtotal, Applied Discounts (%), Total Taxes, Grand Total, Deposit Paid, Remaining Balance.
-

7. Equipment & Inventory Tracking

The central repository for tracking machines installed at client locations or warehouse inventory.

Key Data Points:

- **Hardware Specifications:** Equipment ID, Category (AC, Furnace, Heat Pump, etc.), Manufacturer/Brand, Model Name, Specific Model Number, Serial Number.
- **Lifecycle Data:** Date of Manufacture, Purchase Date, Installation Date, Warranty Expiration Date.
- **Associations:** Location (Warehouse or Customer Property Address), Linked Customer ID, History of Service Jobs linked to this specific serial number.
